

ULTIMATE INDONESIA DIVE EXPEDITION 2026

18/04 - 03/05

ABOUT US

WHAT IS GOAKUHN?

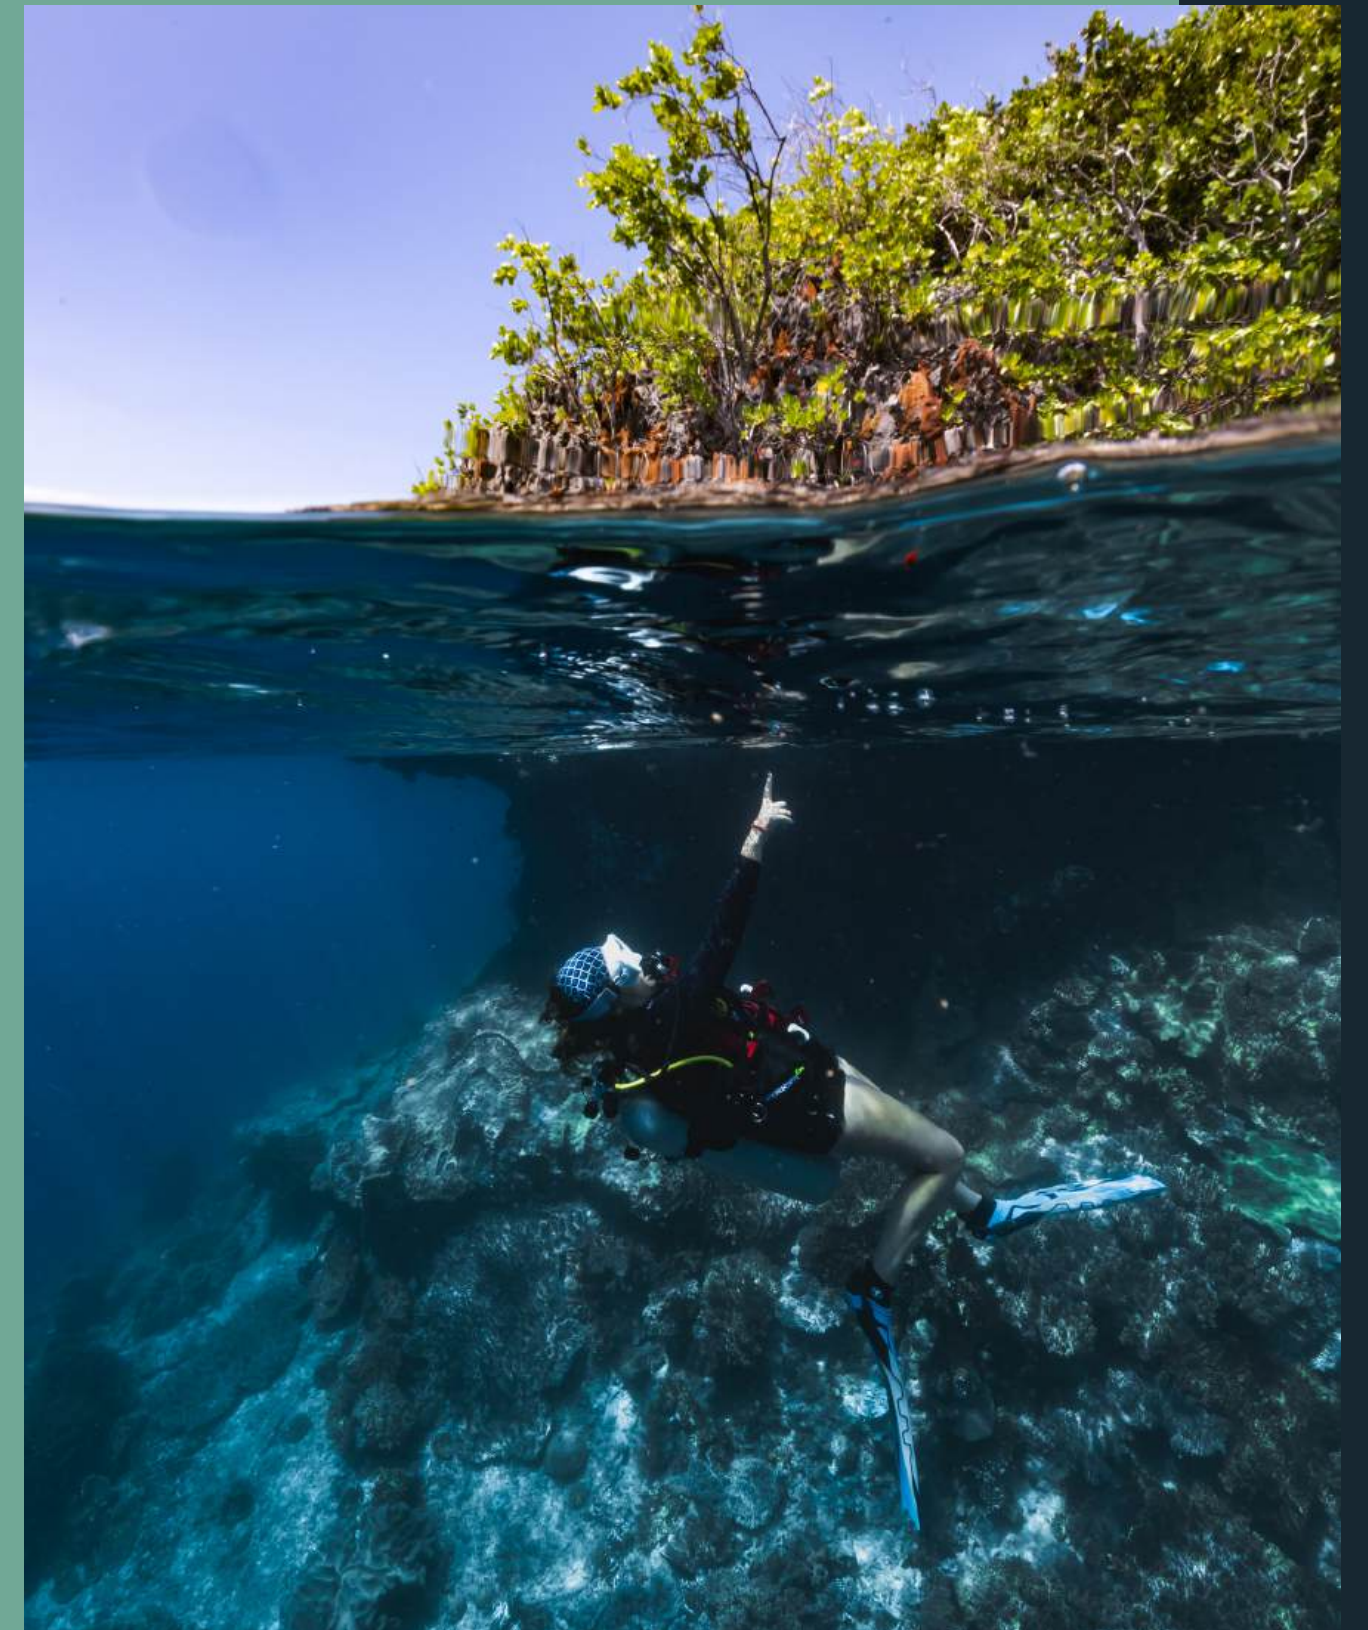

GOAKUHN is a dive expedition company dedicated to crafting **immersive, responsible, and unforgettable travel experiences**. We believe in **sustainable diving tourism**, supporting **local communities**, and offering expeditions that **connect people with the ocean** in a meaningful way.

Our trips are designed to blend adventure, exploration, and responsible travel, ensuring that each dive not only brings you wonder but also contributes positively to the local environment and economy.

We are a company registered in France, and although we live a nomad life, we base ourselves a big part of the year in Indonesia, because the nature here is just jaw-dropping.

GOAKUHN was created on the following foundation:

- Our passion for the ocean
- Our commitment with sustainability and local communities
- Our love for the nature and the visuals that we can shoot with it

WHO ARE WE?

MARIE GOASAMPIS
FRENCH, 28

MARIE IS A PASSIONATE EXPLORER WITH A BACKGROUND IN PROJECT MANAGEMENT FOR NGOS. AFTER YEARS OF WORKING IN THE NON-PROFIT SECTOR, SHE NOW CHANNELS HER EXPERTISE INTO GOAKUHN, ENSURING THAT EACH EXPEDITION IS METICULOUSLY PLANNED AND RUNS SEAMLESSLY. AS AN EXPEDITION LEADER, DIVE MASTER WITH EXTENSIVE EXPERIENCE AND A CERTIFIED YOGA INSTRUCTOR, SHE BRINGS A HOLISTIC APPROACH TO DIVING, INTEGRATING MINDFULNESS AND MOVEMENT TO ENHANCE THE EXPERIENCE BOTH IN AND OUT OF THE WATER.

OTÁVIO KUHN
BRAZILIAN, 37

OTAVIO IS AN EXPERIENCED EXPEDITION LEADER, DIVE INSTRUCTOR AND UNDERWATER PHOTOGRAPHER WITH A BACKGROUND IN ENGINEERING. AS GOAKUHN'S CREATIVE FORCE WITH A DEEP MARINE LIFE KNOWLEDGE, HIS GOAL IS TO SHOWCASE THE WORLD'S BEAUTY THROUGH HIS LENS AND INSPIRE OTHERS TO EXPLORE AND PROTECT THE OCEAN. HIS EXPERTISE IN PHOTOGRAPHY, VIDEOGRAPHY, AND STORYTELLING ADDS AN IMMERSIVE DIMENSION TO OUR EXPEDITIONS, CAPTURING BREATHTAKING MOMENTS BOTH ABOVE AND BELOW THE SURFACE.

Escape the ordinary and dive into one of the most spectacular marine ecosystems on the planet.

GOAKUHN invites you to **16 days of underwater exploration**, crossing **three world-class diving destinations: Bunaken, Lembeh, and Raja Ampat**. With a **small group of 8 to 10 divers**, this expedition is crafted to offer **authentic experiences, community-driven travel**, and **unparalleled diving adventures** in collaboration with local partners.

The Ultimate Diving Experience

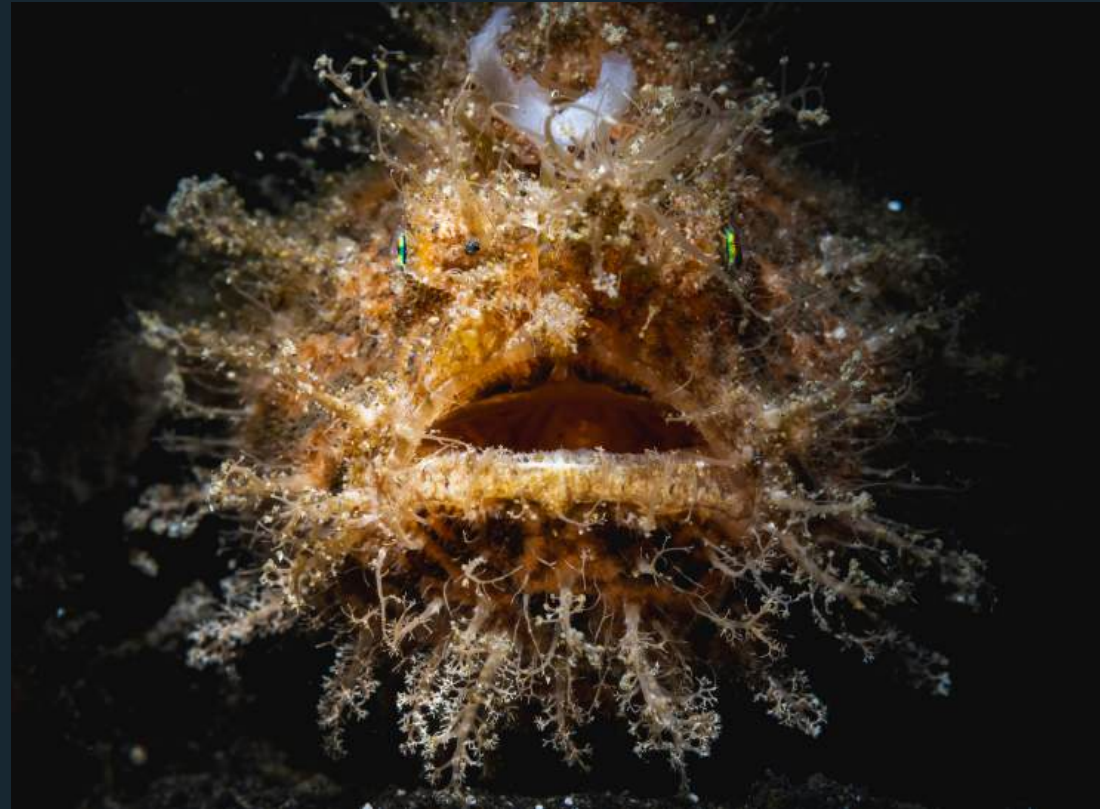

- The big walls of Bunaken are some of the most thrilling dive experiences in the world, with abundant marine life and great dive conditions.
- Some of the rarest (and weirdest) critters dwell in the dark sands of Lembeh, an underwater treasure hunt.
- Big schools, lots of underwater activity, big and small marine fauna, breathtaking landscapes, all of that and more is what we aim to find in Raja Ampat.

WHERE ARE WE GOING?

BUNAKEN is one of Indonesia's most renowned marine parks, famous for its spectacular wall dives, vibrant coral gardens, and crystal-clear waters. Expect drift dives along breathtaking drop-offs, amazing visibility, and an explosion of marine life in every direction: turtles, eagle rays, reef sharks & big schools of fishes.

Our local partner will make sure you have a comfortable stay, where all you have to think about is your next dive. The «Dive Eat Sleep Repeat» has never been so accurate than in Bunaken (and the food there is amazing, you can trust us).

LEMBEH is a paradise for macro lovers, known for its unique critters and world-class muck diving. Here, you'll find blue-ringed octopuses, wunderpus, frogfishes, flamboyant cuttlefish, seahorses and rare nudibranchs hidden in the black volcanic sand. Every dive is like an underwater treasure hunt, revealing some of the most fascinating and bizarre marine species on the planet. Coral gardens and good visibility are not a thing here, but you don't need more than 10min of diving to understand why this is an underwater photographer's paradise.

RAJA AMPAT is located in the heart of the Coral Triangle, and boasts over 1,500 species of fish, 600 species of coral, with an abundance of manta rays, wobbegong sharks, and schooling fish. This is a must-dive destination for those seeking the ultimate underwater adventure.

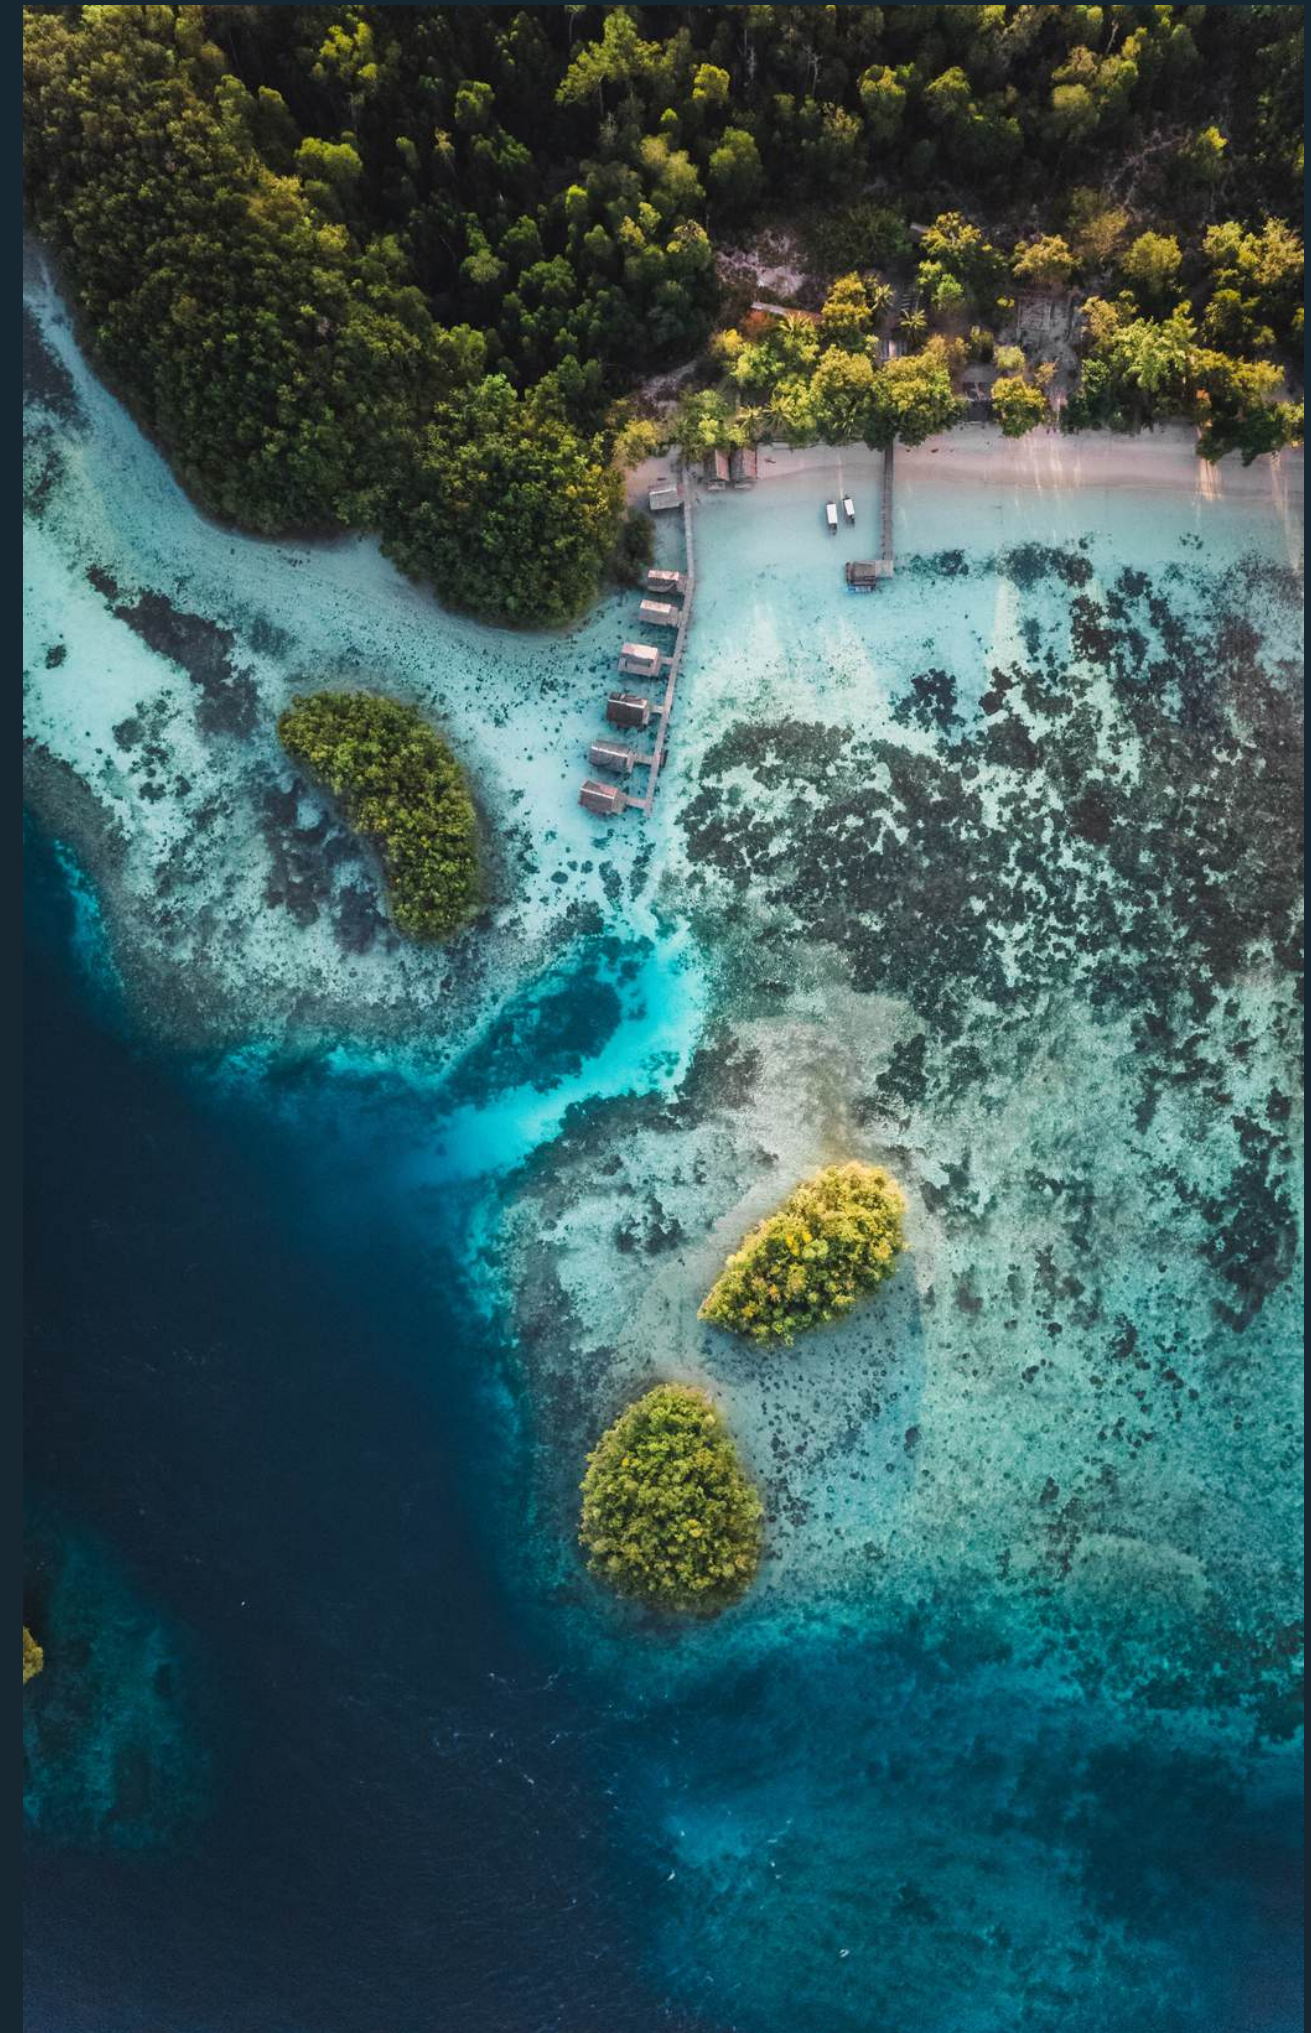

Often called the most biodiverse marine region on the planet, Raja Ampat is a dream destination for any diver. With manta rays, wobbegong sharks, massive schools of fish, and pristine coral reefs, every dive is a breathtaking experience.

ACCOMMODATION

For this expedition, **we are opting for a local businesses**, with an intend to promote locally owned entrepreneurs and provide to our guests an immersive experience.

- **Our partner in Bunaken** is what we can call the "liveaboard on land", where everything you'll need to worry is to come back from the dive hungry and eat the delicious meal they'll prepare for us (full board included in the package). It's a local homestay + dive center in the local village of Bunaken. Basic yet comfortable installations and exceptional service in diving is what made us return there a few times already.
- **In Lembeh**, we will be staying in a comfortable hotel offering private rooms, modern amenities and breakfast. While the hotel provides a convenient stay, our diving experience will be with Rumah Selam, a locally-owned dive center run by passionate Indonesian divers who know these waters inside out. This setup allows us to support the local dive community while enjoying high-quality diving services and local expertise.
- **For Raja Ampat**, we are opting for a local island homestay experience, offering a basic yet authentic stay in traditional overwater bungalows. While these accommodations provide an incredible setting right on the ocean, it's important to note that they are basic, with no air conditioning (we also got scared the first time we went there but believe us, there is actually no need), limited generator electricity, no wifi (usually a good 4G signal). Bathrooms are typically Indonesian-style, sometimes shared but always clean. Despite these modest amenities, the experience is unmatched, offering a deep connection with nature, the local community, and Raja Ampat's pristine marine environment.

PARTICIPATION

REQUIREMENTS

To join this expedition, participants must have:

- Advanced Open Water (AOW) certification or equivalent
- A minimum of 20 logged dives

Raja Ampat features strong currents and advanced dive conditions, making this requirement essential for safety and enjoyment.

For divers who only have the Open Water certification but meet the 20-dive requirement, it will be mandatory to complete the AOW certification before Raja Ampat. This can be done at Bunaken through our partner dive center.

Note: The AOW course is to be booked and paid directly with the partner dive center, with no additional margin for GOAKUHN.
